PAST LIFEWISDOM

"Our birth is but a sleep and a forgetting; the soul that rises with us, our life's star, hath had elsewhere its setting, and cometh from afar."

~ William Wordsworth

Awaken the Wisdom of the Inner Life Bringing Life into Focus

There is an old saying that if we don't learn from history we are doomed to repeat it. That truth applies not just to nations, but also to our individual lives and growth. It is the main reason that past-life memory should be pursued. However, that pursuit can be more than mere curiosity or entertainment, but provide a deep reservoir

of information and experience to create your own spiritual basis to best serve your clients. This experience begins with a free exchange of ideas, pulling from deeper layers of consciousness to gain extraordinary insights. We will explore your inner wisdom for profound personal growth and evolution in others. However, this process is meant to be fun, a

spiritual adventure of profound insight, bliss and joy. Get the most out of your experience by staying firmly committed to the material designated for each week. There will be discussion, videos, practice sessions, exercises, reading assignments and a past life regression built into the process.

The Life of the Soul Before, During & After Life

Reincarnation literally means the return to the physical body. The belief is held that at death the soul exits one body and returns at some point to another physical form. Why believe in reincarnation? As humans we have many unanswered questions that are repeated over and over generation after generation. Who are we? Why are we here? Where do we come from? Where do we go from here? Why are we here at all? Why do we suffer from pain?

It is easy to go through life with the concept that we are born, we live and then we die and that's all there is to it. With this theory, we may see life as empty and meaningless. Look through the lens of a new vehicle, a gateway to our multidimensional universe. See how a new world view can revitalize your life, relationships and work, bringing you profound wisdom in all you do!
